# APPLY RISK MANAGEMENT PROCESSES

RIIRIS301D – APPLY RISK MANAGEMENT PROCESSES

**DURATION: 1 day training course**

## COURSE OUTLINE

This training program provides students with the opportunity to develop the knowledge and skills required to effectively conduct risk management activities in the workplace.

The course is a requirement under the Qld Mining Regulations for people who lead others.

This unit covers application of risk management processes in the Resources and Infrastructure Industries. It includes identifying hazards, identifying and assessing unacceptable risk, identifying and recommending treatments, contributing to the implementation of treatments, reviewing safety system documentation and relevant legislation.

Face to face classroom delivery will be used to facilitate the underpinning knowledge requirements.

## ASSESSMENT

Both theory and practical assessments will be conducted throughout the course.

On successful completion participants will receive a statement of attainment for RIIRIS301D Apply risk management processes.

## BENEFITS

- Nationally accredited course
- Complies with legislative requirements
- Provides supervisors with the necessary tools to meet due diligence requirements
