

CARRY OUT THE RISK MANAGEMENT PROCESS

RIIRIS402D - CARRY OUT THE RISK MANAGEMENT PROCESS

DURATION: 8 hours

COURSE OUTLINE

This course is a nationally accredited one day program designed for those supervisors who work in the Resources and Infrastructure industries, however it is well suited to any industry where risk management processes are required.

Students will be provided with the opportunity to facilitate the risk assessment process while determining the risk management strategy. Identifying and treating risks and determining consequences of loss scenarios. Implementing and facilitating actions, reviewing actions, auditing the risk management process and complete records and reports.

The course is a requirement under the Qld Coal Mining Act and Regulations and the Qld Mining and Quarrying Act and Regulations for workers who facilitate risk assessments.

ASSESSMENT

Assessment will consist of the following:

- Theoretical short answer questionnaire
- Demonstration of practical skills within a group environment conducting activities including, prepare the risk management process, ID hazards, assess risk, ID unacceptable risk, ID potential actions, decide on actions, implement and facilitate actions, review actions, audit actions and record results.

On successful completion participants receive a Statement of Attainment.

BENEFITS

- Nationally accredited course
- Able to facilitate the risk assessment process in the workplace
- Meets mining legislative requirements
- Contributes to a PCBU's due diligence profile

WHO SHOULD ATTEND?
